## **Work Experience**

## **DEAL (DRDO) - Summer Intern**

June 2024 – July 2024

- Studied advanced cryptography algorithms including AES, RSA and various hash functions.
- Gained a deep understanding of their applications and implications in data security through python-based utilities.

#### Education

## Bachelor of Technology (BTech) in Computer Science

Vellore Institute of Technology, Expected July 2026

Current GPA: 9.19\*

## **Senior Secondary Education**

Doon International School, July 2022

- Senior Secondary result: 96.6%
- Secondary result: 97.6%
- IOQM 2021-22 state rank under 30
- Qualified for INMO 2021-22
- Part of School Prefectorial Board

### Skills

- Key Courses: Data Structures and Algorithms, Object Oriented Programming (OOP)
- Programming Languages: C, C++, Python, Java, R, HTML, CSS, JavaScript
- Libraries/Frameworks: React
- Tools / Platforms: Git, VS Code, GitHub, Linux, Windows, Flask
- Databases: MySQL

# **Achievements**

• **Certificate of Merit, Vellore Institute of Technology:** Achieved second rank in the branch - Computer Science and Engineering specialization in Internet of Things.

## Certifications

C Programming For Beginners - Master the C Language

### Languages

- English, Professional Working
- Hindi, Professional Working

### **Projects**

## AES-based-Encryption-Decryption-Utility

Python

- Provides file encryption and decryption using AES algorithm.
- o User inputs key and file path, with optional zip file creation.
- o Tkinter GUI for browsing files and saving processed output.

### SHA-512-based-Hash-Code-Generator-Utility

Python

- Computes SHA-512 hash of a file's content appended with a user-provided key.
- Allows users to browse for files and save the computed hash to a specified location via a Tkinter GUI.
- Displays success or error messages depending on file processing and hash computation outcomes.

### Music-player-website

JavaScript, HTML, CSS

- o Implemented playlist display with song thumbnails and titles.
- o Designed custom audio controls with play/pause functionality.
- Ensured a seamless user experience with in-line playlist items and interactive elements.
